SAFETY PRODUCTS

### Eye/Face Wash/Drench Hose

Use as an eye/face wash or remove hose from wall mount for spot body drenching.

**Specifications:** Self-adjusting regulators ensure an even water flow. Eye/face wash with plastic dual stream heads features float off covers secured with a stainless steel

bead chain to keep heads clean and in place when not in use. 6' coiled drench hose stores neatly. Stay-open valve assembly.

•**Water Supply:** 1/2" NPT.

•**Flow Rate:** 8 gpm at 45 psi.

**Compliance:** ANSI Z358.1-1998. SEI certified.
